Order thereon — Ex.F.12.96 D/ 20/9/1901

From the accompanying abstract it ~~will be seen that~~ is observed that there was

or

decrease in the consumption
of arrack in the ~~districts of~~
~~Bangalore city & the towns of~~
~~Kolar, Mysore~~ cities of Bangalore
and Mysore & the towns of
Kolar and Shimoga. The ~~latest~~ greatest
fall viz 2039 gallons occurred
in the Mysore city and is
reported to be due to the
high prices of food grains.
In the remaining localities
of separate shops, the consumption
increased, the large increase
of 2986 gallons in the Kolar
Gold fields being due
to the subsidence of plague
and cholera. On the whole
there was a ~~small~~ slight ~~decrease~~ decrease
of 39 gallons in the consumption
of arrack during the
quarter under review.
